Inspection
Type: ROUTINE INSPECTION
Date: SEP-07-2007

2.131 (c)(1) REPEAT NC1 HANDLING OF ANIMALS.

The regulation states, "During public exhibition, any animal must be handled so there is minimal risk of harm to the animal and to the public, with sufficient distance and/or barriers between the animal and the general viewing public so as to assure the safety of animals and the public."

***Two tiger cubs ("Jinny" and "Trooper") are being used for photos with the public (inspectors watched as "Jinny" was used for photos and the licensee verbally informed us that "Trooper" is also used). Both cubs were born on 10 May 2007 (as per the licensee), making them 17 weeks old as of 6 September 2007. Cubs this large are too dangerous for direct public contact. Public contact with these tigers must be stopped immediately.

Inspection and exit interview were conducted with licensee.

Inspection was conducted in Bloomington, IL at the Shoppes At College Hill.

Note: Two cubs ("Wyatt" and "Calamity") were being used for photos and are approximately 4-5 weeks old.
